Business card *concepts*

Five front & back designs built from the website — same palette, type and logo.
US standard size, 3.5 × 2 in. QR codes are placeholders for now.

01 Signature Cream | 02 Midnight | 03 Arch Portrait | 04 Hot Pink Pop | 05 Editorial

01 Signature *Cream*

CLEAN · TIMELESS

The website's home look: warm cream stock, the K-arch mark next to the bold Bodoni name, and a single stripe of her signature hot pink on the back. The safest choice — works for every client.

FRONT

BACK

Paper: uncoated cream, 16–18 pt · Pink stripe can be a foil or spot color

02 Midnight

LUXE · HIGH CONTRAST

All-black card with the mark in cream — the dark sections of the website on paper. The back uses the site's hard pink shadow behind the QR, so it still feels playful.

FRONT

BACK

Paper: black, 32 pt · Cream ink or white foil on the front mark

03 Arch *Portrait*

PERSONAL · WARM

Her photo inside the same squared arch as the logo and the website's hero, with the main tagline. The honey back carries her signature in script — the most personal of the five.

INDEPENDENT HAIRSTYLIST

Effortless *blondes*, lived-in color.

BOOK WITH KAE

BACK

Paper: smooth matte, 16 pt · Needs a high-res photo file for print

04 Hot Pink *Pop*

BOLD · FUN

The website's spinning "Your go-to hair girl" badge as a sticker on full hot pink — impossible to lose in a bag. The back brings the "Book with Kae" button and the scrolling ribbon from the site.

FRONT

BACK

Paper: matte, 16 pt · Hot pink should be checked against a printed proof (#FF3EA5 is brighter on screen)

05 Editorial *(vertical)*

FASHION · PRACTICAL

A tall, magazine-style front with her black & white photo. The back doubles as an appointment card: write the next visit date and time in the chair, so clients leave already booked.

Before printing

- **QR codes are placeholders.** They point to a dummy address. Once the website is live, swap in the real booking link (or her Instagram) and test-scan every card.
- **Check the details with Kae:** name as she wants it printed, whether to add a phone number, and the salon address (right now it says “Idaho · By appointment”, like the website).
- **Print files:** for the print shop, export at 3.5 × 2 in with 0.125 in bleed and text kept 0.125 in inside the edge.
- **Mix & match:** any front can pair with any back — e.g. 02 Midnight front with the 05 appointment back.
